ATHENS, Greece – August 25, 2011 – OPAP S.A. (OPAr.AT), the leading gaming operator in Greece, announces its consolidated financial results for the six month period ended June 30th, 2011, prepared in accordance with International Financial Reporting Standards (IFRS):

- Revenues down 20.1% to €2,191.4m (2010: €2,744.0m) primarily driven by the macroeconomic environment and the World cup event in Q2 2010
- EBITDA margins largely resilient (16.8% versus 17.3%) with EBITDA down 22.6% at €368.1m
- Net Profit up 8.7% to €273.7m (2010: €251.9m) and 20.8% lower compared to H1 2010 adjusted Net Profit of €345.7m due to the extraordinary tax charge of €93.8m in H1 2010
- Earnings per share at €0.86 (2010: €0.79)

Commenting on the H1 2011 results, Mr. Ioannis Spanoudakis, OPAP's Chairman & CEO, noted:

"On the background of a particularly challenging macroeconomic environment, OPAP demonstrated significant operating resilience during the first half of 2011. We continued to rigorously manage our cost base and maintain our operating margins. At the same time we successfully rolled out new-fixed odds products, such as the Monitor Games.

The recent endorsement of the new Greek Gaming Law by the Parliament in August provides us with a much needed visibility for the gaming business environment over the coming years. OPAP is uniquely positioned to take advantage of a broad array of opportunities in new market segments, such as VLTs, instant tickets & lotteries and online gaming.

Our unique distribution network, coupled with a strong understanding of the gaming markets, our robust balance sheet and the sound capital structure, will enable OPAP to position itself versus these strategic opportunities and pursue those that maximise value for our shareholders."

The Group's revenues for H1 2011 decreased by 20.1% to €2,191.4m versus €2,744.0 in H1 2010, mainly due to the economic downturn. Revenues for Q2 2011, stood at €1,069.9m (down 22.0%) compared to Q2 2010 figures, which included the incremental turnover pertaining to the World Cup in June 2010.

EBITDA reached €368.1m in H1 2011 from €475.6m in H1 2010, decreased by 22.6%, driven by reduced revenues, which were partially offset by effective cost management of distribution and administration expenses as well as lower Stihima payout. EBITDA for Q2 2011 reached €154.0m, down 28.0% also affected by higher provisions and network costs.

Net profit for H1 2011 increased by 8.7% to €273.7m versus the reported figure of €251.9m in H1 2010. It is worth noting that the 2010 figure included the extraordinary tax charge of €93.8m in Q2 2010. Net profit for Q2 2011 reached €106.9m also due to increased deferred taxation.

New gaming framework

The new gaming regulatory framework was enacted on August 22nd, 2011 through L.4002/2011.

The law provides for the award of the only license for 35,000 VLTs to OPAP, out of which 16,500 to be operated by OPAP and 18,500 to be subcontracted to third parties.
